EDUCATION

Government Engineering College,Dahod
Bachelors of Engineering in Computer Science

2020 - 2024

CGPA: 8.74/10

Sarvodaya Highschool, Ankleshwar
Higher Secondary Certificate - Mathematics

2019 - 2020

Percentage: 75%

PROJECTS

Heart Disease Predictor | Python,Machine Learning,pandas,numpy,sklearn,matplotlib,tkinter

Nov 2022

- It is a Machine Learning project based on classification and regression that predicts if the person has a chance of getting heart attack or not.
- This application will take your different parameters like blood pressure, cholesterol, pulse rate, diabetes, etc and compare it with the normal parameters that is provides in the database and predicts heart attack.
- [View Project](#)

QuickQR | HTML/CSS,Javascript,Bootstrap,API

May 2023

- It is a user-friendly web application that allows users to generate dynamic QR codes effortlessly. With a seamless user interface and robust functionality, it empowers users to create QR codes for various purposes.
- [View Project](#)

Text Classification Model | Python,Keras,NumPy,Machine Learning

June 2023

- This project is Machine learning project based on a text classification model for sentiment analysis on the IMDB dataset using Natural Language Processing (NLP) techniques,Data Analysis and Data visulization.
- The IMDB dataset consists of movie reviews labeled as positive or negative based on the sentiment expressed in the review.
- [View Project](#)

House Price Predictor | Python,NumPy,Seaborn,Matplotlib,Sklearn,Machine Learning

June 2023

- This is a Machine learning project done using various techniques of data analysis like exploratory data analysis,data cleaning, Feature Engineering, Feature Selection, Feature Scaling to build a model.
- It predicts house price in Boston city. Here i have used Random Forest Regression.

EXPERIENCE

Oasis infobyte

April 2023 – April 2023

Java Developer

Delhi,India

- Worked as an intern for the real world projects based on java core concepts with swing.
- You can check my work done during the internship on [Github](#).

SAP,Microsoft

Aug 2022 - Feb 2023

Trainee

Hyderabad,India

- It is the foundation training with the certification provided by Edunet foundation under sap and Microsoft mentors.
- Completed the training period and certification is under process.

TECHNICAL SKILLS

Languages: C, C++, Java, Python, JavaScript, HTML/CSS

Databases: MYSQL

Tools: GitHub, Linux,Chrome,Visual Studio Code,Tableau,Cloud platforms(Azure),Eclipse

Soft Skills: Leadership, Communication, Adaptability, Time Management, Problem Solving

ACHIEVEMENTS & CO-CIRCULAR ACTIVITIES

- Passed NCC B certificate exam with A+ grade and also completed CATC camp as a Senior Wing Cadet.
- 2 star coder on [Codechef](#) And Ranked 8th institutional rank on [GeeksforGeeks](#).
- Completed TCS GoIT Student Development Program as a Student Coordinator in it.
- Completed google cloud facilitator program in 07/2022 and arcade google cloud program in 12/2022.
- Completed Certification course of Basic Web Development(HTML,CSS and JS)by Developer student club of Birla intitute of technology Mesra (View Certificate) .
- Completed Certification course of Python with Machine Learning by GDG Ranchi (View Certificate) .
- Completed Certification course of Python with Data Analytics by GDG Ranchi (View Certificate) .
- Completed certification course of Responsive Web Design with project (View Certificate) .
